RE: Amended 12 Day Pre-General Report (10/1/04-10/13/04)

Dear Ms. Senger:

This letter is in response to your letter of February 23, 2005.

Our amended 12 Day Pre-General Report listed two additional contributions on our report that were overlooked by our committee.

We had staff transition and are extremely sorry for the overlook. We have taken this situation seriously and have tightened procedures so that it will not happen again. Our committee understands the importance of timely reporting and will insure accurate reports in the future.

Thank you.
